RIOTS MAY BREAK OUT TOMORROW

Much Apprehension Concerning Fate of Americans in Mexico.

WAITS HUERTA'S MOVE

Nothing New In Situation—Future Course of Lind Still a Puzle to Diplomats.

Washington, Aug. 30.—Officials of the State Department, familiar with Mexican customs, will breathe easier after tomorrow is passed. Sunday being a holiday in Mexico when outbreaks ar most likely to occur, anxiety is felt here for the thousands of Americans still seeking to get out of Mexico in response to Prsident Wilson's urgent warnings contained in his recent message to Congress.

Although the Presdent himself by his trip to Cornish, and Sscertary of State Bryan by the resumption of his Chautauqua lectures, have indicated entire confidence in a peaceful outcome of negotiations, men in the State Deprtment more experienced in deaing with Latin races are not so complacent. They do not like the idea of American men, women, and children fleeing from Mexico on a holiday when demonstrations will be in order in celebration—from the Mexican point of view—of President Huerta's rejection of United States' interference.

Secretary Bryan was back in Washington for a brief while this morning, but was expected to leave the city again at 1 o'clock, going to Oxford, Pa., and Bel Air, Md., where he will appear on the lecture platform. During the brief tme he was at the State Department this morning he declined to disclose the contents of the latest communications from former Governor Lind, the Presidnt's personal representative in Mexico, but expressed again his belief that the outlook was "promising."

According to press dispatches from various points in Mexico, the exodus of Americns has now become almost general.

Church Dynamited.

The Methodist Church at Ormsby, Pa., was wrecked by dynamite Monday night, when the residents of the place were awakened by a terrific explosion. The act is believed to be the outcome of recent troubles in Ormsby, when the better element of the place undertook to stop the desecration of the church, which was being used for gambling. The matter was referred to the Genesee conference superintendent, Rev. S. A. Morse, of Olean, and arrests resulted. Thugs persisted in tearing down the doors of the church, and on one occasion there was a fistic encounter between the two elements.

I. R. Carper and two daughters, Marian and Catherine, of Fredericksburg, are visiting friends in Alexandria.

MASONIC NOTICE.

A called communication of Andrew Jackson Lodge, No. 120, A. F. & A. M., will be held in Masonic Temple, Sunday, August 31st, at 2 o'clock to attend the funeral of our late brother, Samuel R. Catts. All Master Masons are invited to be present.

By order of Worshipful Master.

NEWS OF THE DAY.

Little Russell Thaw, the young son of Mrs. Evelyn Nesbit Thaw, is dangerously ill in London with measles and specialists fear fatal complications. Mrs. Thaw left her son here when she went to New York. While at the Brighton Beach with his nurse the little fellow became sick. Thaw has persistently refused to acknowledge the paternity of the boy. In consequence, Mrs. Thaw feared that harm might befall him if she took him to New York. He is about two years old.

Mrs. C. M. Phillips, whose husband, a prominent oil operator in Parkersburg, W. Va., in a fit of jealous rage cut off her pretty tresses so that she would no longer be attractive to other men, ordered her lawyer to file an action for divorce against her husband. Phillips is in Marietta, O., where he left after snipping off his wife's locks. The authorities in Marietta placed Phillips under arrest when he arrived there, but, on finding that he was charged with nothing more serious than a misdemeanor, released him, as the offense is not extraditable. Mrs. Phillips declared that her husband had no cause for jealousy, and that she would seek divorce on the ground of cruelty.

Porter Charlton, the American who must stand trial before the Italian courts for the murder of his wife, Mary Scott Castle Charlton, at Lake Como three years ago, arrived at Naples Thursday from the United States aboard the steamship Re-D'Italia. He will be taken to Genoa on the steamer, arriving there Saturday, and will be confined in the Genoa prison until September 2, when he will be transferred to Milan or Como. Charlton begged one of his guards to buy the American papers describing his departure from New York. When he read the details of his crime he burst into tears.

J. Y. Schenck, editor of the Sulphur, Okla., Democrat, was shot and killed yesterday and John Lindsay, former treasurer of Murray county, charged with the killing, was hurried from the Sulphur jail last night, to the more secure prison at the nearby town of Norman, where mob violence was threatened. Lindsay, it is alleged opened fire on Schenck with a shot gun when the editor refused to "eat"a copy of his paper which contained adverse editorial comment concerning Lindsay.

Standard Oil stockholders it is said are planning to take over the three biggest automobile factories in the country. Cars varying in price from $350 to $1,000 will be marketed, it is said, without agents and with little advertising. Gasoline, which is now selling at 16 cents a gallon, is due to a rise to 30 cents before the end of the year, according to the publication of the Automobile Club of America.

REGULATING SALE OF MILK.

Deputy Health Officer Garvey Visits Dairies.

Deputy Health Officer Dr. James J. Garvey, has visited for inspection, most of the dairies selling milk and cream in Alexandria, for the purpose of issuing permits to such as comply with the city's health laws. The dairymen were all inclined to co-operate with the Alexandria health officers in the effort to improve conditions surrounding the production and handling of milk. Many of the dairymen have already expended from $300 to $500 in installing new equipment and in remodeling their dairies in order to have the best sanitary conditions in their barns and milk houses and for handling the milk. As fast as the dairies comply with the rigid sanitary requirements of the city health department permits are issued.

AUCTION SALE.

Samuel H. Lunt, auctioneer, sold at noon today in front of the Royal street entrance to the City Hall for Ross T. Elliott, trustee, a parcel of ground being the south fifty-one feet of lots seventeen, eighteen, nineteen, twenty-one, in block twenty-nine, of the subdivision of the town site of New Alexandria, Fairfax county, improved by a modern fourteen-room dwelling, to E. J. Fleming, of this city, for $2,300.

RICHMOND BANK CLOSES ITS DOORS

Commonwealth Bank Compelled to Apply For Receivers.

TO PAY DEPOSITORS.

State Bank Examiners is Confident Creditors Will Not Lose By Closing of Institution.

Richmond, Va., Aug. 30.—By order of Charles C. Barksdale, examiner of the Banking Bureau of the State Corporation Commission, the Commonwealth Bank and its branches at 25th and Broad streets and 3914 Williamsburg Avenue, Fulton, were closed yesterday afternoon. Application will be made before Judge Moncure, of the Chancery Court, early today by Mr. Barksdale for the appointment of receivers. The doors will not be opened this morning, notice having been posted last night that they were closed by direction of the Banking Bureau.

"So far as I am able to ascertain," said Mr. Barksdale, last night, "depositors will receive their money in full, and I might add further, that, in my opinion, general banking conditions in Richmond are satisfactory and sound, and that I see no cause for uneasiness among the citizens of Richmond.'

The immediate cause of the Commonwealth's embarrassment, according to a statement issued last night by President W. L. Waters, is the bank's temporary inability to meet the demand of creditor banks for the repayment of money borrowed to take care of its customers. The statement gives assurance that the bank's investments are sound and that every depositor will be paid 100 cents on the dollar.

Mr. Barksdale stated in explanation of the banking bureau's action that an examination of the Commonwealth's finances disclosed that it did not have enough quick assets to raise the necessary cash to meet the usual demands necessary for the protection of its depositors. A large proportion of its loans and investments are on real estate collateral which, because of the stringency of the money market and the inactivity of real estate are not immediately collectable. Complications due to these causes, said Mr. Barksdale, made it necessary to ask for the appointment of a receiver.

In the transactions of its business, the Commonwealth Bank was independent of the local clearing-house. "The Commonwealth Bank is in no way connected with Clearing-House Association of Richmond," said officers of that institution last ngiht.

The Commonwealth Bank was founded about seven years ago, and maintained its principal banking house at 12 North Ninth street. It apparently enjoyed a solid growth, establishing branches at 25th and Broad streets and 3914 Williamsburg Ave. The home bank and two branches have about 6,500 depositors. According to the statement of the bank's finances at the close of business August 9 individual and saving deposits totaled $615,396.14, and demand certificates of deposit $31,239..70.

Most of the depositors belong to the city's industrial classes, the bank having been founded, according to the statement of its officers, to cater particularly to the small depositor and small borrower. The individual savings accounts are uniformly modest, and in many cases represent the savings of years.

The news of the bank's embarrassment last night caused general surprise. Its stock par, value $100, was quoted yesterday on the Richmond stock market at 112. The bank is known to have valuable real estate holdings, both improved and unimproved, and the hope was expressed generally that it will be able to adjust all demands without loss to depositors. The officers were of the opinion that unless liquidating expenses proved to be unusually heavy, there would be even no loss to the holders of the banks $300,000 of capital stock.

RECEIVER DISCHARGED.

Walter C. Foster, Named as Sole Receiver.

In the Corporation Court yesterday a decree was entered discharging Robert H. Cox, city sergeant, as temorary receiver of the News Publishing Co., publishers of the Alexandria Daily News, and naming Walter C. Foster, one of the original receivers as sole receiver of the defunct newspaper company.

It was stated in the decree that C. S. Taylor Burke, who was also one of the original receivers, had never qualified by executing his bond for the proper performance of his duties. Sergeant Cox was placed in charge of the company two weeks ago when the plant was found in possession of former employees of the News Publishing Company, who declared that they had rented the plant from Mr. Burke. Both Mr. Burke and Mr. Foster being out of the city, Sergeant Cox was named temporary receiver. No permission had been granted by the court for the leasing of the plant.

MAKE ATTACK ON CIVIL SERVICE

Democrats Manifest Antagonism to System Now in Vogue.

RESIST TEST PLANS.

Senator Hoke Smith Excoriates Present Practices and Makes Some Marked Contrasts.

Washington, Aug. 30.—Senate Democrats late yesterday afternoon showed their antagonism to the civil service system. One after another the majority voted down all amendments.

As a result, when the income tax goes into effect, teh additional employes who collect and administer the income tax will be Democrats, named on the recommendation of Democratic Senators and Congressmen.

Senator Hoke Smith assailed the civil service. He said:

"We intended this provision to apply only to that class of men who are sent out on the road, and a class of them doing work, as I said before, like the highest class and best-paid traveling men for big wholesale or manufacturing plants. I should like to know what wholesale house in New York city, being just organized and going into business, would undertake to hold a civil service exclusively book examination for the selection of its force of traveling men. I wish to know what wholesale house in New York cty, if half of its traveling men resigned, would undertake by the examination prescribed by the Civil Service Commission to fill up the vacancies existing in its force. The Senator from New York urges a merit system. If a business house followed such examination to select its force, it would not be in business very long."

Democratic Senators vehemently condemned the action of President Taft in covering fourth-class postmasters into the civil service, but when Senator Cummins offered an amendment to prevent the Executive covering into the civil service of the employes who are to collect the income tax they turned around and voted it down.

GUNNING SEASON NEAR.

Slaughter of Birds Will Commence Next Monday.

The gunning season will open on Monday, September 1st and many sportsmen are ready to start out for game.

Flocks of reed birds, black birds and other specimens of the feathery tribe have during the past few days passed over this city on their way to the marshes nearby.

As is always the case, numbers have not had the patience to await the arrival of the month of September, and the crack of guns have been heard for several days on the environs of this city.

REFRESHING DOWNPOUR.

Much-Needed Rain Visits Alexandria and Surrounding Country Last Night.

The uncomfortable humid conditions of yesterday were followed last night by refreshing showers which extended over a large area. The storm raged several hours, and was accompanied by considerable thunder and lightning.

People from Fairfax county who attended the market today say the rain was heavy in their neighborhood.

The storm extended to Maryland and Pennsylvania, and in some sections of those states it was at times severe, some damage having resulted from lightning.

Th showers were much needed in all this section of the country, as growing vegetables were suffering for lack of rain.

$10.00 FOR HOSPITAL FUND.

The Gazette is pleased to acknowledge the receipt of a contribution of $10 from Judge J. K. M. Norton, to the repair fund of Alexandria Hospital. Additional funds are needed and will be gratefully received.

WILL PROBATED.

The will of William E. Reppert, formerly superintendent of the national cemetery at this place, has been admitted to probate in the cerk's office of the Corporation Court today. All of his property, with the exception of a few minor bequests, is left to his wife, Mrs. Alda Cora Reppert. His daughter, Mrs. Elizabeth V. Stephenson, is named as executrix and qualified today.

END OF FLY CRUSADE.

Today ends the August fly crusade of the Alexandria Health Department, and also ends the campaign for the 1913 season toward the extermination of the house fly. Several prizes will be awarded the winners of this month's crusade in fly swatting, the prizes being awarded next Tuesday, on account of the holiday Monday.

The children have accomplished much during the three months that the fly swatting has been going on and deserve credit for their activity. The result of the children's good work is easily seen in the greatly decreased number of flies in the city. Nearly three million flies were killed during the three months the campaign was running.

STEPFATHER ATTACKS GIRL

Visitor at House Becomes Involved and Kills Assailant.

ARRIVED HOME DRUNK

Witness to Fatal Affray Says Dead Man Often Came Home Drunk and Attacked Her.

Washington, Aug. 30.—Miss Lillian Reese, pretty seventeen-year-old girl, today came stoutly to the defense of William J. Fisher, clubman and employe of the Isthmian Canal Commission, who last night killed her father by adoption, William L. Altdorfer, in their home at Chevy Chase.

Fisher today is in the county jail at Rockville, Md., awaiting preliminary hearing which probably will be held this afternoon. He has confessed the stabbing of Altdorfer, according to officials, and has pleaded self-defense.

On the verge of collapse today, Miss Reese, a frail blond, told of the attack which led to the fatal stabbing.

She declared that her father by adoption, who is a magazine and special newspaper writer, came home drunk last night and tried to attack her.

"He always did that when he was drunk," said the girl. "I don't know any reason for it, except the drink."

Fisher, who has been a boarder in the Altdorfer home for some time, was present. When he saw he attempted attack on Miss Reese he interferred, according [illegible] today.

Altdorfer, infuriated [illegible] interference, turned on [illegible] him by the throat.

"Altdorfer grabbed Fisher, said Miss Reese. "It was only self-defense. Fisher got a long pair of shears and stabbed him. That's all I know about it, but I'm sure that Altdorfer had him by the throat.

Justice of the Peace C. E. Dawson, State Attorney W. O. Spates, and Dr. Thomas A. Conrad made an investigation this morning which showed that Altdorfer had been drinking heavily for some time.

His wife had left home, it was learned through one of the investigators today, haunted by fear of Altdorfer in one of his drunken spells. When she heard of the stabbing last night she hastened to the home in Chevy Chase from her stopping place in this city.

There she found her husband lying in a pool of blood.

He was stabbed three times in the body one wound having penetrated the heart.

Justice of the Peace Dawson and Dr. Thomas A. Conrad were summoned by Fisher directly after the stabbing.

Fisher stood calmly in the parlor where the trouble occurred.

"I've killed him he told Dawson, "and I'm ready to go with you if you want to take me."

Deputy Sheriff Fling, of Chevy Chase, an dthe doctor then took him to the Rockville jail to await further investigation of the case.

Mr. and Mrs. Charles Bendheim and son have returned from Atlantic City after a two weeks' stay.

FIRE QUICKLY SUBDUED

Fierce Blaze Causes Alarm in Southwestern Section of City

About 9 o'clock last night, while the storm was raging and the wind blowing at times with considerable velocity, a shed and outbuildings in the square bounded by Duke, Wolfe, Alfred and Patrick streets, were found to be burning. Whistles at the Southern Railway depot shrieked and people who rushed from their homes were alarmed when they saw the southwestern heavens illuminated by the glare of what seemed to be a fierce conflagration. The scene of the fire is contiguous to many frame houses and with the high winds which was fanning the flames, there was naturally much anxiety manifested by people living nearby.

The fire department was soon on the ground and at work, and in an incredible short time the progress of the fire was stayed by knocking down fences and sending powerful streams on the burning structures.

It is said in the neighborhood that the fire was of incendiary origin, as an unknown man attired in a light suit of clothes, was seen to come out of the court before the flames shot up.

ARMOR PLATE PLANT

Bill Introduced in Congress Appropriating Money For its Establishment

Representative Britten of the House Naval Committee, yesterday introduced a bill providing for an appropriation of $7,000,000 for the establishment of an armor plate plant.

The bill provides that the site for the proposed plant shall be selected by a board of naval officers to be appointed by the Secretary of the Navy.

Since the suggestion was made the government can manufacture armor plate at less cost than it can be procurd from manufactureres Alexandria has manifested interest in the movement, the people of this city believing an eligible site for such a plant could be found here.

The Gazette, members of the Chamber of Commerce and others have called attention to the fact that Alexandria is contiguous to the Washington Navy Yard, as well as to the Indian Head proving ground, and that the plant could be operated in this city more satisfactorily than in any other place in this vicinity.

Should the government acquire the reclaimed ground, about forty acres, in front of what was formerly Battery Rodgers, the works could be constructed to the channel bank of the Potomac.

At the proper time the representatives in Congress from this state will be asked to use their influence in behalf of this city.

ADDITION TO PARISH HALL.

Improvements to be Made in Christ Church Grounds.

Certain additions and improvements ar about to be made in Christ Church grounds which will not only add conveniences thereto, but will add to the attractiveness of that enclosure. Plans have been prepared by Speiden & Speiden, Washington architects, and J. D. Knight, of this city, has been awarded the contract for the work.

The present entranc for visitors to the church is through a gate on Columbus street, at the west end of the edifice. After the additions nnd other improvements shall have been made the entrance will be through an addition to the Parish Hall, south of the church. The new structure will be 16 feet front and 19 feet deep, with a 14-foot ceiling. The building will be fitted with all modern conveniences and will have a terrazo floor.

Visitors will enter the addition through a gate at the north end of the Parish Hall, and upon passing into the new structure will purchase tickets for admission to the church and proceeding north through the new building will enter the church.

The addition, as stated above, will prove of great convenience to the many who visit the historic church.

TORPEDOES LOST.

Warning to Vessels And Reward Offered by Rear-Admiral.

Norfolk, Va., Aug. 30.—Rear-Admiral Badger yesterday issued a statement warning vessels to look out for several torpedos lost by the battleships of the Atlantic fleet during target practice off the Virginia capes. A reward is offered for the recovery of the torpedos. Admiral Badger says: "During elementary torpedo practice of the battleships of the Atlantic fleet several torpedoes were lost. Of these some were known to have sunk, others ran but were lost sight of.

"It is possible that these torpedoes may be found by some vessel or may be thrown upon the beach, and it is requested that it be made public as soon as possible that a reward of $20 each is offered for the return of these torpedoes to any ship in the Atlantic fleet or to the navy yard, Norfolk, Va.

"It will be perfectly safe to handle these torpedoes upon the beach or to blow them by the nose. It is probable that the air supply has been fully exhausted, but it would be a wise precaution to keep hands clear of the propellers in handling the torpedoes."

HELD FOR CAPITAL CRIME.

Henrico Farm Hand Arrested on Complaint of Ten-Year-Old Girl.

Richmond, Aug. 30.—Aubrey Barker, twenty-one years old, a Henrico farm hand, was arrested yesterday afternoon by Deputy Sheriff Webb W. Syndor and Officer T. Wilson Seap on a warrant charging him with a capital crime against Ava, the ten-year-old daughter of his employer, Joseph Clark, of Fair Oaks. The alleged offense was committed at noon yesterday, and the accused man, wholly ignorant that a warrant had been sworn out against him, was taken into custody in less than two hours. He was lodged in the County Jail, where he is being held without bail.

WOMAN IS DECAPITATED.

Norfolk Lady Meets With Frightful Accident While Crossing Track.

Norfolk, Va., Aug. 30.—While attempting to cross the track in front of an electric train on the Norfolk and Southern Railroad late Thursday, Miss Bessie Whitehurst, an attractive young woman, was decapitated.

The accident occurred within two blocks of the young woman's home. She was returning home from a neighboring store, and did not hear the approach of the train. The body was carried a considerable distance and was horribly mangled.

President Juan Gomez, of Venezuela, declared that the Castro revolution is at an end.

HIT BY "SNUBBER."

Richmond Man Killed While Lowering Safe From Building.

Richmond, Va., Aug. 30.—J. C. Lawson, aged about 36, was instantly killed here Wednesday afternoon while engaged in lowering a safe from a building at Ninth and Main streets. Lawson was directing the work, handling a rope around a "snubber." The "snubber," a stout wooden box placed across and inside the window, worked parallel with the window and flew up and struck Lawson behind the head, knocking him through the window. He caught the rope and went back into the room. He then fell fainting, blood gushing from his mouth, nose and ears. He died in five minutes. He leaves a wife and six children.

VIRGINIA EDUCATORS.

District Superintendents Meet at Radford.

Radford, Va., Aug. 30.—Seventy-five state educators are holding their annual conference with the state superintendent of public instruction here. There are 103 division superintendents in Virginia, of whom thirty have recently been appointed.

This is the first getting together of the superintendents since Superintendent Stearnes took office and the discussions are marked by most gratifying evidence of a disposition to cooperate and give the schools the benefit of good team work. More frequent visitation by superintendents is urged by Mr. Stearnes. This and discussion of what constitutes an efficient teacher and how promising young teachers can be developed, were treated with much animation and interest. Mr. Glass, asked how he determined a teacher's efficiency said he decided largely by her manner of handling her class. He found best results obtained by encouraging teachers and showing a personal interest in their work. "You must love 'em," he exclaimed, which brought forth a laugh and yet the idea was accepted as lying at the foundation of successful methods.

Stuart's Expenses.

Richmond, Va., Aug. 30.—Henry C. Stuart has filed his statement of expenses incidental to the recent primary, and while he was not a candidate in that contest, having been declared the nominee, he took the precaution to render an accounting. He showed that he expended $1,296.88 in his contest, the money going for rent of headquarters, clerical hire, printing, postage, traveling expenses and the like.

Injured by Dynamite.

Lynchburg, Va., Aug. 30.—Thinking a dynamite fuse had burned out, John Jamerson, a foreman on the double-track construction of the Southern Railway, north of Lynchburg, yesterday started to dig the explosive up. As it exploded, his left arm was blown off and both eyes were badly injured, but these may be saved. He is in a hospital here. Jamerson resides at Nebo, North Carolina.

Death From Lead Poisoning.

Harrisonburg, Va., Aug. 30.—Lead poisoning contracted while following his trade caused the death at the Rockingham Memorial Hospital of William E. Rhodes, 45 years old, a painter, of Hinton, Rockingham county. When he was taken ill several weeks ago it was thought that he was suffering from rheumatism. He is survived by his widow and several children.

DEATH OF DR. HALL.

Was Oldest Resident of Fredericksburg, Va.

Fredericksburg, Va., Aug. 3.—Dr. Horace B. Hall, 90 years old, the oldest citizen of Fredericksburg, died Thursday night at the home of his daughter, Mrs. William R. Robertson, at Culpeper, where he was spending the summer. Dr. Hall was born in Fredericksburg in the early part of the last century. He was a son of the late John B. Hall, an officer in the United States Army in the war of 1812.

Dr. Horace B. Hall succeeded his father as the head of the drug firm here. For more than 50 years he was a vestryman of St. George's Episcopal Church of this city. He is survived by three daughters, Mrs. Bessie Egerton, of Petersburg, Va.; Mrs. W. R. Robertson, of Culpeper, Va.; and Miss Julia Hall, of this city, and a number of grandchildren, nieces and nephews.

MURDER SUSPECT HELD.

Authorities Are Investigating The Death of Richard Harrison.

Charlottesville, Va., Aug. 30.—Important developments in the murder mystery at Scottsville, where Richard Harrison, the young agent and telegraph operator, was found dead at 3 o'clock Sunday morning by the crew of a passing freight train, are expected within the next day or two.

A man named Jackson was arrested near Warren Wednesday by two Chesapeake and Ohio detectives and will be given a preliminary hearing today before Mayor Jackson Beal. If the evidence is sufficient the suspect will be taken to Charlottesville and placed in the county jail.

When Jackson was lodged in the station house at Scottsville Wednesday night, feeling was at a high pitch until the citizens were told that so far there was no real evidence against him.

The X-ray examination, conducted at a Richmond hospital, established the fact that Harrison was murdered. The wound was made by a leaden bullet, while those in the automatic revolver clinched in the hand of the dead man were all of steel.

Girl Hangs Herself.

Luray, Va., Aug. 30.—Miss Mary Nichols, daughter of Russell Nichols, who lives in the neighborhood of Nethers Mill, Madison county, one of the widest and most inaccessible portions of the Blue Ridge committed suicide Thursday by hanging. Particulars are hard to obtain, but it is supposed the tragedy was due to a love affair. Miss Nichols was about 16 years old.

Hit With Stone; May Die.

Manassas, Va., Aug. 30.—In a fight following a dispute between two white men Thursday night at Catletts station, a few miles from Manassas, F. J. Keller was struck on the head with a stone by his assailant, Leroy Colvin, and probably fatally injured. His skull was crushed and his physicians have but little hope for his recovery. He was taken to the hospital at Charlottesville today.

Colvin was captured here today on board a freight train and taken to Catletts to await the result of Keller's injuries.

ANOTHER AMERICAN GIRL A VICTIM.

Another warning to American girls against international marriages has been sounded by the Marchesa San Germano, formerly Miss Virginia Hoge, of Louisville, Ky., a grandniece of City Engineer Bolling of Richmond, and a niece of A. Randolph Holladay, vice president of the Bank of Commerce of Richmond.

The Marchesa, who is a daughter of the Rev. Peyton Hoge, former pastor of a large Presbyterian church in Wilmington, N. C., and a kinsman of the late Rev. Moses D. Hoge, of Richmond, has arrived in New York on the Cunard liner Ivernia from Italy, and is enroute to Louisville, where she will prosecute her divorce action against her husband, an Italian nobleman.

"I am completely disillusioned as far as foreign men are concerned," said the marchesa after her arrival in New York. "American men may have such vice as drinking too much at times, but there are more things than this. Foreign men, I am forced to believe, are unfaithful to their wives in many, many cases, and this, I think, is the worst vice of all.

"Ours was a love match. My husband was wealthy and did not marry me for my money. I thought happiness was to be our lot and looked forward to my married life in Italy. But our romance was soon at an end, and now I am coming back to my own country. I will be willing to live in Kentucky after this.

"I should not advise American girls to marry foreigners. My experience has been a painful one and is only the same as many others which the public does not hear about. I think American men make the best husbands after all."

The marchesa's language is significant—"there are many cases we never hear of."

In nearly every instance where American girls have married foreigners the marital relations hove proven unsatisfactory. Some have developed into international scandals.

MOVEMENT IN THE RIGHT DIRECTION

Secretary of the Navy Daniels, in a letter to Governor Goldsborough, of Maryland, severely condemns the action of a State's attorney in giving a man charged with theft the choice of going to jail or enlisting in the United States Navy.

It appears that the man decided to cast his fortunes with the navy, and Secretary Daniels serves notice on Governor Goldsborough that the navy will not have him and he must return to the courts and take the punishment according to the Maryland laws.

Secretary Daniels in his letter, among other things, says:

"The navy department has made every effort to raise the standard of the enlisted personnel of the navy and with this in view has constantly refused to authorize the enlistment of men charged with committing, or having been convicted of committing a criminal offense. Such men are not fit to represent this country on board its men-of-war and the self-respecting men who compose the navy cannot be expected to live with men of low character in the close relations that are required on shipboard."

The action of Secretary Daniels will bring to mind stories concerning the manner in which the navy has been used at times as a refuge for criminals. It is said to have been a common practice at one time in big cities of violators of law to be chased by policemen until the fugitives took shetler in a recruiting office for the United States navy.

The Secretary is right. Men in the navy should not be refugees from the places of their birth, on account of their crimes, and when found mingling with enlisted men they should be turned over to the civil government.

WANTS SEVERE TREATMENT.

Severe punishment is urged for the three negro highwaymen who were arrested for holdups near this city and who are now confined in the Alexandria county jail by The Commonwealth.

The Commonwealth says:

"The three highwaymen in Alexandria county jail should be at penitentiary hard labor before Christmas. The labor ought to be so hard that they would wish they had never been born. They are strong and able to bear it.

"Hanging is a doubtful expedient for the punishment of crime; hard labor known certainly to be continued for years is probably much more of a terror to criminals. A life time of tread mill hard work producing something for the community, if thoroughly published and talked over among the evily disposed, is worth more than capital punishment as a penalty.

"Send the highwaymen up for the limit. Set them to sawing wood every day until they are ready to drop in their tracks. Publish frequently the details of their misery. Let no maudlin sentimentalism about prison reform interfere. The result will be wholesome and merciful to their case."

RETURN OF FIREMEN.

Alexandrians Reach Home Last Night After Visit to Mountains.

Members of the three fire companies of Alexandria returned home last night after enjoying their very pleasant trip to the convention of the State firemen at Staunton.

Most of the boys were very glad to get back home after their three days' strenuous outing, but all report having had a splendid time both at Staunton and also at Charlottesville where the Alexandrians made a three hour stop on the way to Staunton and also on their return, and were most royally entertained on both occasions by the members of the fire company and the citizens of Charlottesville did everything in their power to make it pleasant for the Alexandria boys. The firemen made a run with their apparatus for the benefit of the members of the Alexandria companies.

Among the important work transaction during the convention was he adoption of a motion requesting that the Interstate Commerce Commission require the railroads to issue tickets to the men individually, on future trips to conventions, in place of the block tickets usually issued. It was also agreed that in future conventions the members will hold their annual parade at 9 o'clock in the morning instead of at 2 or 3 in the afternoon.

Two firemen belonging to the Eagle Engine Company No. 3, of Norfolk, were seriously hurt during the first reel race, the reel passing over one of the men, breaking his arm and leg, and otherwise injuring him.

Most of the firemen paid a visit to the birthplace of Woodrow Wilson, now occupied by a Presbyterian minister, many of them departing with souvenirs taken from the grounds. Several fine rose bushes were practically stripped by the insistent souvenir hunters, who carried away flowers as momentos of the trip to President Wilson's former home.

GREAT DISASTER IN JAPAN.

Enormous Loss of Life and Heavy Damage by Typhoon.

Tokyo, Aug. 30.—The greatest disaster that Japan has suffered for more than a decade has been caused by a typhoon which for thirty-six hours has been sweeping the coast.

The loss of life is believed to have been enormous. In the district around Tokyo scores have perished, but the main sweep of the storm has been north of here

Bridges have been destroyed and communication even by courier stopped. Fifteen thousand houses in Tokyo alone have been submerged and many persons drowned.

The storm struck a party of school children climbing Mount Komagatake and seventeen were killed.

Immense damage has been done to the fishing business, Japan's chief industry, and the crops in many sections are ruined. This has caused fears of a famine.

It will cost hundreds of thousands of dollars to make repairs to railroads damaged by the typhoon.

DEATH FOLLOWS QUARREL.

Son Strikes Father on the Neck, Knocking Him to Sidewalk.

Rushville, Ind., Aug. 30.—William Price, 60 years old, former sheriff of Rush county, and marshal of this city, is dead as a result of an altercation with his son, Erbie, aged 25, in this city yesterday. Price and his son, who lives at Fort Wayne and who has been visiting his father for a week, met in front of his father's drug store and became involved in a quarrel.

Persons who saw them say the father was the aggressor, and pushed his son off the sidewalk. The son at once retaliated, it is declared by striking his father a blow on the neck. The father was knocked to the sidewalk with great force, and the authorities are not certain whether it was the blow or the fall that caused his death.

The coroner is making an investigation and young Price will be held until the coroner's verdict is returned. Price died about 20 minutes after he fell to the sidewalk.

WIFE HOLDS THE FORT.

Thrown From Window and Rendered Unconscious.

Mrs. Frank Storck retains possession of her husband's home in the fashionable residential section of Red Bank, N. J., after a fight made to dispossess her, in which three persons were shot, four injured by blows, an eighth broke his ankle, and Mrs. Storck herself was thrown through a window and rendered unconscious when she landed on her head on the sidewalk.

Storck, a piano dealer, divorced his wife last month. She has since frustrated his efforts to force her to leave his residence here. Last night he organized a raiding party, visiting the house with several employes and four private detectives. Mrs. Storck's brothers and other members of her family came to her aid, and a brisk melee ensued. Ernest C. Davis, employed by Storck, may die from a bullet wound. Samuel Howard, a brother of Mrs. Storck, was also shot in the head, and Ernest Howard, another brother, through the shoulder.

Mrs. Storck and her married daughter later swore out warrants charging Storck and Percy Houghton, a detective, with assault.

They were arrested and held for the grand jury.

SCHOOL SUPERINTENDENTS.

Want Money For Vocational and Agricultural Work.

Richmond, Va., Aug. 30.—At the session of the division school superintendents of the State at Radford a resolution was adopted demanding that the State of Virginia shall make an additional appropriation of $300,000 for common school work so that Virginia shall not continue to occupy the low position in educational matters which has been assigned her by the United States educational officials, it was announced here today.

When it became known that there would be a surplus of something like $400,000 in the State treasury at the end of the fiscal year, the superintendents, with one accord, discussed the right to have more for the schools. Figures were admitted showing that the standing of Virginia is due to the very low per capita appropriation for the schools that of Virginia being about $7 per year.

The superintendents want to see more agriculture and vocational work undertaken in the common schools.

The superintendents organized a somiety of division school superintendents of Virginia, electing officers and naming one vice president for each congressional district.

HELD FOR KILLING WIFE.

Farmer Also Charged With Murder of His Daughter.

Nashville, Tenn., Aug. 30.—A mass of circumstantial evidence, culminating in the finding buried in a pile of hay in the barn of a bloody billet of wood, resulted late yesterday afternoon in the arrest of William Cook, a prominent farmer, of Rutherford county, charged with the double murder of his wife and her 15-year-old niece, Lucy Standford, whose butchered bodies were found early Tuesday morning.

Suspicion was early directed against the husband, who claimed that, returning from a revival Monday night, he retired without speaking to his wife and after oversleeping himself two hours awoke to find the mutilated bodies, the wife's on the back porch of the house, while the girl's lay just inside the screen door.

Cook claimed that before retiring he walked upon the porch to take a drink of water, but failed to notice either body. The bedclothes and bed in which Cook claimed to have slept were spattered with blood, while a shirt was found belonging to Cook literally soaked in blood. The room in which the crime was committed showed signs of a violent struggle and was strewn with articles of wearing apparel all covered with blood.

Cook was given a preliminary hearing at his request before he was hurried to this city and lodged in jail to escape the threatened mob violence.

TO LEAVE ON FOREIGN CRUISE.

Part of the Atlantic Fleet Will Sail From Hampton Roads October 25.

Seven battleships of the Atlantic Fleet will sail from Hampton Roads, Va., for a cruise to Mediterranean ports October 25. It was announced at the Navy Department yesterday that four battleships will probably be in Mexican waters at the time, that four others will remain to relieve the ships in Mexican waters on November 1, and that four will be undergoing their regular overhauling at navy yards along the Atlantic coast. The fleet will be accompanied by the new colliers Orion, Dason, and Cyclops, the supply ship Celtic, and the hospital ship Solace.

Secretary Daniels announced yesterday that this cruise will inaugurate his policy of giving the enlisted men of the many opportunities to visit foreign countries, with a view to affording them education and recreation, and in general making them better satisfied with the service. The Navy Department issued this statement, giving the itinerary of the cruise.

The ships will steam at the easy speed of twelve knots.

SECRETARY BRYAN IN A STORM.

Lost in Pennsylvania And for a Time all Trace of Him Was Lost.

Philadelphia, Aug. 30.—Secretary of State Bryan was lost for nearly five houre in Pennsylvania last night while terrific storm was raging. He set out in an automobile from Doylestown to Kennett Square, and until midnight all trace of him was lost. At that hour, however, he arrived safely at his destination.

At 7:15 o'clock Mr. Bryan finished his Chautauqua lecture at Doylestown and left with Wayne James in the latter's automobile for Kennett Square. The chauffeur dashed away on the sixty-mile ride to Kennett Square, where Mr. Bryan was scheduled for another lecture.

The trip was expected to take two hours. An hour after the motor car left a terrific lightning and thunderstorm struck Eastern Pennsylvania. It was accompanied by a driving rain.

At Kennett Square 700 persons waited in a tent to hear the Secretary. They waited until after 12 o'clock with the rain driving down on the canvas over their heads.

Just after midnight he arrived, bedraggled and muddy. Seeing the crowd, he mounted the platform and delivered his lecture, despite the fact that the canvas was leaking in places, letting the rain pour down into the tent.

Theft of Diamonds.

Two sample cases containing unset diamonds valued at $25,000 were stolen from the jewelry establishment of C. D. Peacock on one of the busiest corners of State street Chicago, Wednesday afternoon. The jewels were in charge of Charles C. Anderson, salesman for W. W. Fullner & Co., of Philadelphia. Anderson reported to the police that he had left the sample cases on a balcony in the store while he visited with the head of the firm. When he returned for the jewels the cases were missing. Last night the police announced that they have found customers who were in the store, and who said they noticed a man pick up the sample cases and walk leisurely out.

Mt. Airy, N. C.—Mrs. Sarah M. Chappell of this town, says: "I suffered for five years with womanly troubles, also stomach troubles, and my punishment was more than any one could tell.

I tried most every kind of medicine but none did me any good.

I read one day about Cardui, the woman's tonic, and I decided to try it. I had not taken but about six bottles until I was almost cured. It did me more good than all the other medicines I had tried, put together.

My friends began asking me why I looked so well, and I told them about Cardui. Several are now taking it."

Do you, lady reader, suffer from any of the ailments due to womanly trouble, such as headache, backache, sideache, sleeplessness, and that everlastingly tired feeling?

If so, let us urge you to give Cardui a trial. We feel confident it will help you, just as it has a million other women in the past half century.

Begin taking Cardui to-day. You won't regret it. All druggists.
